REPORT OF DIRECTOR AND SCHOOL IMPROVEMENT COUNCIL

The Chester County Career Center enjoyed another successful year, serving students from Chester, Lewisville and Great Falls High Schools in our 15 program areas. We received an “At-Risk” rating on the 2013 school report card and made acceptable progress on Perkins standards. Our area of weakness on Perkins that required a remediation plan was in Mathematics. We have implemented a plan to address this weakness and hope to see improvement in the future. While we have room for improvement, we are continually striving to provide opportunities for our students to achieve success.

In 2013-14, we received \$10,578 in local grant money. This money helped with supplies/equipment and competition travel expenses. Five students qualified to attend SkillsUSA National Competition in June 2014.

An Assistant Director and two part-time instructors were added. Courses in Emergency and Fire Management and Law Enforcement Services were added, as well as introductory courses in manufacturing, culinary arts and construction.

Many of our program areas sent students to compete in SkillsUSA, DECA, HOSA and FFA. We had students in SkillsUSA and DECA qualify to compete at the national level. We are extremely proud of all our participants and the way in which they represented our school. Many of our student organizations also participated in service projects that allowed students to learn the value of giving back to their community.

We have articulation agreements with York Technical College and Spartanburg Technical College.

We offer a number of certifications for our students, such as ServSafe; OSHA; Cosmetology Licensing; First Aid/CPR/AED; and First Responder. Many of our students took the WorkKeys assessment. Students in health science took the National Health Science Assessment, and several programs participated in assessment field tests. The opportunity to have these certifications will help students as they leave high school and enter the workforce.

Fourteen new members were inducted into the Chester County Career Center Chapter of the National Technical Honor Society.

We are fortunate to have active community support in both Work-Based Learning and Craft Advisory Committees. We also have virtual shadowing opportunities available, enabling students have access to careers outside the local area.

We maintain our commitment to prepare students for a global society. Your input is welcome and necessary as we work together toward accomplishing this goal.
